Návrh na členstvo STU v AmCham

The American Chamber of Commerce in Slovakia

The American Chamber of Commerce in Slovakia is a service-oriented organization. Throughout the past year, AmCham Slovakia has frequently shown that it is dedicated to serving its members through the support of its three main pillars: contacts, information and advocacy.

[Our mission and goals](#)

The American Chamber of Commerce (AmCham) was founded in 1993 in Bratislava as an independent and self-supporting organization, entirely dependant on contributions from its members. Today, it serves as one of the most active foreign Chambers of Commerce in Slovakia. Currently, its membership has reached more than 330 international and Slovak companies, including many of the largest and important firms in Slovakia. Of this amount, approximately 23 % are American companies, about 42 % are Slovak companies and about 35 % are other nationalities.

Čo je AmCham

Americká obchodná komora (AmCham) bola založená v roku 1993 v Bratislave ako nezávislá a finančne samostatná organizácia financovaná výlučne prostredníctvom príspevkov od svojich členov. V septembri 2003 bola otvorená nová pobočka AmCham v Košiciach, s cieľom podporiť hospodársky rozvoj vo východoslovenskom regióne. V súčasnosti patrí Americká obchodná komora medzi najaktívnejšie medzinárodné komory na Slovensku a jej členskú základňu tvorí vyše 340 medzinárodných a slovenských spoločností, vrátane niekoľkých, ktoré sa radia medzi najväčšie a najvýznamnejšie firmy na Slovensku. Približne 42 % týchto spoločností je slovenských a 23 % amerických, pričom zvyšných 35 % tvoria medzinárodné spoločnosti.

Aktivity AmCham, ktorý dnes zastupuje viac ako 320 spoločností z 26 krajín sveta, sú rozdelené do **troch pilierov**: [information](#), [networking](#) and [advocacy](#).

- **Networking**: voľný vstup na viac ako **60 podujatí ročne v Bratislave a Košiciach**. Galériu minulých podujatí nájdete [tu](#). Budúce podujatia nájdete [tu](#).
- **Information**: Členovia dostávajú mnohé informácie o podnikateľskom prostredí cez rôzne kanály: [Connection magazine](#), [FDI Survey & Slovakia in Figures](#), [Legislative and Policy Update](#) a pod.

- **Advocacy:** Členovia sa môžu aktívne zapájať do [pracovných skupín](#), ktoré sa podieľajú na pripomienkovaní legislatívy, či realizácii projektov (pre STU bude najrelevantnejší práve Committee on Business-Academic Cooperation). V prílohe tiež pripájam brožúru so vzdelávacími projektami, ktoré AmCham v spolupráci so svojimi členmi už dlhodobo realizuje.
