Fees for Material Arrangement of the Admission Procedure (Article 6 hereof) for students admitted for studies in the academic year 2020-2021	49

The Rector of the Slovak University of Technology in Bratislava (hereinafter referred to as “STU” or “University”) in line with Section 92 par. 3 and par. 15 of the Act No. 131/2002 Coll. on Universities and on Amendments and Supplements to Certain Acts, as amended (hereinafter referred to as the “Act”), and in line with the Article 23 Clause 11 and 14 of the Statute of STU, as amended, herewith

i s s u e s

Directive of Rector, stipulating

Tuition and fees associated with studies at the Slovak University of Technology in Bratislava for the academic year 2021-2022

applicable to study programmes ensured by faculties of STU and the Institute of Management of STU (hereinafter referred to as the “Directive”). The tuition and fees associated with studies shall be, in the case of faculties of STU, determined based on a proposal of the relevant faculty Dean, and in the case of the Institute of Management of STU, based on a proposal of the Director of the Institute of Management of STU.

Article 1

Basic Provisions

(1) The studies in study programmes of the first, second and third level shall be realised at a faculty, if professionally and organisationally ensured by the faculty; in other cases, the study programme shall be realised at the University (Institute of Management of STU). Unless otherwise stipulated in a specific provision of this Directive, the term “faculty” shall also apply to the University (Institute of Management of STU) and the term “Dean” shall apply in connection with the University (Institute of Management of STU) to “Rector”; all terms shall be in relevant relationship to the meaning of the affected provision, unless they contradict with the nature of the given provision.

(2) The basis for determining the tuition and fees associated with studies at the university and its faculties shall be 10 % of the average amount connected to one student in full-time studies of the overall usual expenditures provided by the Ministry of Education, Science, Research and Sports of the Slovak Republic (hereinafter referred to as the “Ministry”) to public universities from the state budget as part of the specification of the approved budget in the previous calendar year. The basis shall be rounded down to whole five euro¹.

(3) The basis, pursuant to Clause (2) of this Article set by the Ministry, for the academic year 2021-2022 shall represent the amount of **EUR 595.00**.

(4) The annual tuition shall apply to the academic year.

(5) The annual tuition in study programmes in the **full-time form of studies** must not exceed five times the basis, pursuant to Clause 2 of this Article. Limitation of the tuition amount shall not apply to tuition in the study programmes in the full-time form of studies in other than state language, pursuant to Article 2 Clauses (8) a (9) hereof.

(6) Annual tuition in study programmes in the external form of studies must not exceed the result of multiplication of the amount of the maximum annual tuition determined by the Ministry for

¹ Section 92 par. 1 of the Act

the relevant academic year by a measure [Article 3 Clause (1) hereof] and the quotient expressed as a result of division of the number of credits, the achievement of which serves as a pre-requisite for proper completion of studies in the relevant study programme, and the result of multiplication of standard length of studies of the relevant study programme and the number 60². The maximum annual tuition in study programmes in the full-time form of studies shall be derived from the subsidy for the realisation of accredited study programmes³.

(7) For the purposes of this Directive:

- a) The first three years of study in the study programmes pursuant to Section 53 (3) of the Act (combined first and second level of studies) shall be considered as study programmes of the first level, and fourth and further years of studies in the study programme, pursuant to Section 53 (3) of the Act, as studies in the study programme of second level, so that the fourth year of studies in the study programme, pursuant to Section 53 (3) of the Act, shall be considered as the first year of studies in the study programme of the second level and further years, respectively⁴;
- b) The Bachelors type of studies, according to previous regulations shall be considered as studies of the study programme on the first level, the Masters type of studies, Engineering type of studies and Doctoral type of studies, according to previous regulations as studies of the study programme according to Section 53 (3) of the Act. If a student continued in the Engineering type of studies or in the Masters type of studies, after previous graduation from Bachelors studies, according to previous regulations the follow-up studies shall be considered as studies of the study programme on the second level. The length of studies, determined according to previous regulations, shall be considered as the standard length of studies according to the valid wording of the act⁵;
- c) A student who was issued a Certificate of Slovak Living Abroad, pursuant to a special regulation,⁶ shall be considered as a citizen of the Slovak Republic.

(8) A study programme realised in the state language shall mean a study programme realised in the Slovak language or in a combination of the Slovak language with another language, resp. languages (e.g. Czech language, English language), which means that the study programme (as a whole) is not realised exclusively in a language other than the state language.

(9) A Member State shall be perceived as an EU Member State or a state that is a state party to the Convention on the European Economic Area and the Swiss Confederation.

(10) In case of students studying as part of interstate agreements, tuition and fees associated with studies shall be governed by the provisions of these interstate agreements⁷.

(11) The provisions of this Directive governing the manner of delivery shall follow the provisions of Act No. 305/2013 Coll. on Exercising the Powers of Public Authorities in Electronic Form (The E-Government Act), as amended, governing electronic official communication.

³ Section 89 par. 4 of the Act

⁴ Section 92 par. 10 of the Act

⁵ Section 113a par. 8 of the Act

⁶ Section 7 par. 1 of the Act No. 474/2005 Coll. on Slovaks living abroad and on Amendments and Supplements to Certain Acts, as amended

⁷ Section 92 par. 11 of the Act.

Article 2

Tuition in the Full-time Form of Studies

(1) The annual tuition in the full-time form of studies for the academic year 2021-2022, pursuant to Article 1 Clause (5) hereof, must not exceed the amount of **EUR 2,975**.

(2) A student in the full-time form of studies shall be obliged to pay annual tuition to the faculty, if such obligation applies to him or her, pursuant to Clause (3), (5), (8) or (9) of this Article.

(3) A student who studies parallel, during one academic year, in two or more study programmes provided by a public university or state university with a seat in the territory of the Slovak Republic (hereinafter referred to as the "university") on the same level, shall be obliged to pay annual tuition in the second and further study programme for studies in the academic year 2021-2022. A student, who re-registered for studies in another study programme on the relevant level, after an interruption of studies, shall be obliged to pay to the university a proportion of the annual tuition, depending on the number of calendar months remaining until the end of the academic year 2021-2022, following his or her re-registration⁸.

(4) A student, pursuant to Clause (3) of this Article, shall have the right to decide in which study programme he or she will study in the academic year 2021-2022 free of charge, if he or she is entitled to free university studies⁹. The student shall be obliged to notify about this decision the study department of the faculty at which he or she is registered, namely no later than **by 30 September 2021**¹⁰.

(5) A student who studies in a study programme, provided by the faculty longer than its standard length of studies, shall be obliged to pay to the faculty annual tuition for each further year of studies; if student studies a degree programme longer than their standard length of study due to participation in an academic mobility under an exchange program and the terms of that exchange programme or the student was awarded by a social scholarship in the last year of their study during standard length of study, the obligation for payment of tuition fees does not arise in the year of study following the year of exceeding the standard length of study. The total length of studies reflects the period for which the student was registered at a university in one of the study programmes of relevant level of university education; if the student is registered, during one academic year, for parallel studies in several study programmes, only one year shall be calculated in the overall length of study. The period during which the student was registered for studies in a study programme, in the relevant academic year, shall be rounded up for the purposes of this clause to the whole academic year¹¹.

(6) The overall period of studies, pursuant to Clause (5) of this Article, shall not reflect the period during which the student was registered for studies at a university in a study programme in which he or she paid tuition.

(7) If a citizen studied on the same level of university studies, parallel in several study programmes in one academic year or in its part, studies in each study programme prior to 1 September 2008 shall be reflected individually in the overall length of studies for the purposes of Clause (5) of this

⁸ Section 92 par. 5 of the Act

⁹ Section 70 par. 1 letter k) of the Act

¹⁰ Section 71 par. 3 letter e) of the Act

¹¹ Section 92 par. 6 of the Act

Article, if he or she studies in some of the study programmes only for a part of the academic year, this period shall be rounded up to the whole academic year for the purposes of Clause (5) of this Article¹².

(8) A student, who is a citizen of a Member State or who has permanent residency in a Member State and studies in a study programme in the full-time form of studies, shall be obliged to pay annual tuition in each academic year, if the study programme (as a whole) is realised exclusively in other than the state language (hereinafter referred to as the “foreign language”). The obligation to pay tuition originates if a university, in the academic year, in which he or she started to study in this study programme, accepted him or her for studies in the same study specialisation and level in a study programme realised also in the state language¹³.

(9) A student, who is neither a citizen of a Member State nor has permanent residency in a Member State and studies in a study programme in the full-time form of studies, shall be obliged to pay annual tuition in each academic year, if the study programme (as a whole) is realised exclusively in a foreign language¹³.

(10) The annual tuition for the academic year 2021-2022, in the full-time form of studies in the study programmes realised at individual faculties and at the University (Institute of Management of STU), shall be stated in Annex No. 1 hereof.

Article 3

Tuition in the External Form of Studies

(1) The Decree of the Ministry setting forth the amount of maximum annual tuition for the academic year for external-form study programmes taught at public universities and state universities is available at the following website: <http://www.minedu.sk/opatrenia/>.

(2) A student, in the external form of studies, shall be obliged to pay the annual tuition in each year of studies¹⁴.

(3) A student, in the external form of studies, shall pay each year **during the standard length of studies in the study programme**, the amount of tuition determined **by the directive for the academic year in which his or her studies started**¹⁵. The provision of the first sentence applies to a student in the external form of study who was admitted to study in the particular academic year and also to a student whose study of the study program started in the particular academic year due to a change in the study program. The faculty can reduce the published tuition in the course of studies.

(4) A student in the external form of studies, **after exceeding the standard length of studies**, shall be obliged to pay tuition in the amount determined for the given study programme for the relevant academic year¹⁵.

(5) The annual tuition in the external form of studies in the study programmes realised at individual faculties and at the University (Institute of Management of STU) shall be stated **in Annex No. 1** hereof.

¹² Section 113a par. 7 of the Act

¹³ Section 92 par. 8 of the Act

¹⁴ Section 92 par. 4 of the Act

¹⁵ Section 92 par. 16 of the Act

Article 4

Form of Payment and Due Date of Tuition

(1) The Act No. 71/1967 Coll. on Administrative Proceedings (Administrative Procedure Code), as amended, shall not apply to the proceedings and decision concerning the obligation to pay tuition.

(2) A student shall be obliged, pursuant to the valid Study Regulations of STU, to correctly state facts decisive for the determination of tuition, in form of a declaration that is to be submitted by the student at the time of the first registration for studies and at each subsequent registration for further parts of the study programme, namely to the relevant study department.

(3) After the registration, the faculty shall be obliged to issue to the student a written decision on the amount of annual tuition fee (hereinafter referred to as "the decision on the obligation to pay the tuition"). The decision about the obligation to pay tuition must contain a statement indicating the amount of tuition and the due date of the tuition, justification of the obligation to pay the tuition and instruction concerning the possibility to submit an application for a reduction, remission or postponement of the due date (hereinafter referred to as the "Application"). The decision about the obligation to pay tuition must be delivered to the student's own hands.

(4) The student shall be obliged to pay tuition no later than within **10 business days** from the day of the delivery of the decision concerning the obligation to pay tuition¹⁶.

(5) In justified cases, the student can submit a written Application, pursuant to Clause (3) of this Article, to the Rector; filing the Application does not have a suspensory effect on the validity and enforceability of the Decision about the Obligation to Pay the Tuition. The student shall fill in the Application through the Academic Information System (hereinafter referred to as the "AIS"), print and personally sign and deliver it to the relevant student department or send it via regular post to the address of the relevant student department, namely no later than within a period of **10 business days**, from the day of delivery of the decision concerning the obligation to pay tuition. In case of Applications sent via regular mail, the date of their submission, marked by the postal office on the envelope, shall be decisive. This means this date must not be later than the tenth business day after the delivery of the decision to pay tuition. The student department shall forward mass Applications of students to the Rector, together with opinions of the faculty Dean/Director of the Institute of Management of STU concerning individual Applications.

(6) Pursuant to Section 92 (18) of the Act, the Rector can reduce or remit tuition and fees associated with studies or postpone their due dates depending on the study results, social and health situation of the student or other circumstances being worthy of special consideration, pursuant to principles stated in the Article 23 of the Statute of STU and in cases stated in the Article (5) hereof.

(7) The decision concerning this item, according to Clause (6) of this Article, shall be issued by the Rector within a period of 30 days from the delivery of Applications to the Rector, through relevant student departments of STU.

(8) Applications submitted pursuant to Clause (3) of this Article, but delivered after the lapse of the deadline for its submission, pursuant to Clause (5) of this Article, shall not be considered.

(9) Actions of a student, who refused to provide information and facts decisive for the determination of the payment of tuition and fees associated with studies or who stated incorrect or

¹⁶ Article 23 Clause 13 of Statute of STU

incomplete information or failed to pay tuition and fees associated with studies in a proper and timely manner, shall be considered as a disciplinary offence in line with the valid Disciplinary Rules of STU for Students. STU shall claim unsettled debts in court¹⁷.

Article 5

Reduction, Remission or Postponement of the Tuition's Due Date by Rector

- (1) The Rector shall not approve a postponement of the tuition's due date.
- (2) If it is not stated otherwise the Rector shall not approve a reduction or remission of tuition in case of an obligation to pay tuition due to parallel studies [Article 2 Clause (3) hereof], studies in the full-time form in a foreign language [Article 2 Clauses (8) and (9) hereof] and external studies [Article 3 hereof].
- (3) The Rector can **reduce** tuition **for exceeding the standard length of studies** [Article 2 Clause (5) hereof] in the following cases and in the following scope:
 - a) Social and health situation of the student:
 1. If the student is a half-orphan, under the condition that he or she continues to be entitled to the payment of orphans benefits; in such a case, **tuition can be reduced by 50%;**
 2. If the student, in the academic year preceding the academic year in which the obligation to pay tuition originated, suffered an unexpected life event preventing him or her to pay tuition in the full amount (e.g., natural disaster); in such a case, **tuition can be reduced by 50%;**
 3. If, in the academic year preceding the academic year in which the obligation to pay tuition arose, the student took a maternity leave, which was the reason for exceeding the standard length of studies under the study programme; in such case, the **tuition can be reduced to 50%,**
 4. If the student suffered serious deterioration in health condition, which affect his study duties (work disability longer than 1 month) in the academic year preceding the academic year in which the obligation to pay tuition originated and that was the reason for exceeding the standard length of studies under the study programme in such a case, **tuition can be reduced by 50%.**
 - b) Other circumstances:
 1. If only one subject remains to be completed by the student in the relevant academic year; in such a case **tuition can be reduced by 25%;**
 2. If two or three subjects remain to be completed by the student in the relevant academic year; in such a case **tuition can be reduced to 75%;**
 3. If the student achieved weighted study average (hereinafter referred to as the "WSA") of no more than 1.5, and at the same time was an important sportsman or sportswoman (representing the Slovak Republic at world or European championships, Olympic games, world Universiade) in the academic year preceding the academic year in which the obligation to pay tuition originated; in such a case, **tuition can be reduced by 50%;**
 4. If the student re-registers for studies in the relevant academic year, after their interruption, and if the obligation to pay tuition originates, **tuition can be reduced to the proportion of the annual tuition, depending on the number of calendar**

¹⁷ Section 10 par. (1) and (2) of Act No. 176/2004 Coll. on Handling Assets of Public Service Institutions and on the Amendment of the Act of the National Council of the Slovak Republic No. 259/1993 Coll. on the Slovak Chamber of Forestry, as amended by Act No. 464/2002 Coll. as amended

month remaining until the end of the relevant academic year, after his or her re-registration.

(4) Reasons for reducing tuition, stated in Clause (3) hereof, cannot be mutually cumulated. The Rector shall always consider only the most serious reason stated in the Application of a student.

(5) The Rector can **remit tuition for exceeding the standard length of studies** [Article 2 Clause (5) hereof] in the following cases:

- a) Social and health situation of the student:
 1. If the student is an orphan, provided he or she continues to be entitled to the payment of orphans benefits;
 2. In case of a student with specific needs, pursuant to Section 100 (2) of the Act, who exceeded the standard length of studies, due to his or her disability,
 3. In case of a student attending studies as a part of development cooperation under a special regulation¹⁸.
- b) Other circumstances:
 1. If the student exceeded the standard length of studies, due to changes in the study programme as a result of terminated accreditation of the original study programme at the STU;
 2. If the student achieved WSA of no more than 1.2, and at the same time was an important sportsman or sportswoman (representing the Slovak Republic at world or European championships, the Olympic games, world Universiade) in the academic year preceding the academic year in which the obligation to pay tuition originated;
 3. If the student of the study programme of the third level has fulfilled all conditions for graduating from the studies, except from the defence of the dissertation paper which he or she has turned in during the standard length of studies of the study programme;
 4. If the student of the study programme of the third level, whose obligation to pay tuition originated for exceeding the standard length of studies, is also paid a scholarship, pursuant to Section 54 (18) of the Act, at the same time; in such a case, the tuition of this student can be remitted in proportion of the annual tuition, depending on the period of receiving of the scholarship, pursuant to Section 54 (18) of the Act;
 5. If the student, whose obligation to pay tuition originated, abandons studies within one month from the start of the relevant academic year.¹⁹

(6) The Rector can remit tuition to the student who has the obligation to pay tuition for study in a foreign language pursuant to Article 2 Clauses (8) or (9) of this Directive and at the same time in the relevant academic year he was awarded a special scholarship to support foreign students pursuant to the valid Scholarship Regulations of STU.

(7) The Rector can remit or reduce tuition of a student, if it is result of an agreement between STU and other university or other organization; in this case it is possible to remit or reduce tuition to the amount specified in the relevant agreement.

¹⁸Act No. 392/2015 Coll. on Development Cooperation, on the amendment by certain laws and amendments

¹⁹ Art. 19 sec. 1 of the Act

(8) The Rector can remit or reduce tuition fees of students who have changed their study programme within STU and who were obliged to pay tuition fees for their original study programme in the academic year 2021-2022 (hereinafter referred to as the “original obligation to pay tuition fees”). Tuition fees in view of this Clause shall be remitted or reduced only for those students who have performed the original obligation to pay tuition fees (including a decision on a decrease in tuition fees pursuant to this Article) and for those students who have been released from their original obligation to pay tuition fees by the Rector using the procedure pursuant to this Article.

(9) The Rector can remit tuition fees of students who have the obligation to pay tuition for exceeding the standard length of study, if the students changed the study programme within STU and were not obliged to pay tuition fees for the original study programme in the academic year 2021-2022 pursuant to the Article 2 (5) of this Directive due to participation in an academic mobility under an exchange program and its terms or the students were awarded by a social scholarship in the last year of their studies of the original study programme during standard length of studies.

(10) The Rector can remit or reduce tuition based on other factors of special consideration.

(11) A student can state in the Application only one reason (i.e., Application for Reduction, Remission of Tuition or Application for Postponement of the Tuition’s Due Date). The Rector shall decide only on the reason stated in the Application. This shall not affect the provision of Clause (4) of this Article.

- (12) The Application for Reduction or Remission of Tuition needs to be accompanied by documents credibly proving the student’s reason for its submission, namely:
- a) Confirmation of representation at world or European championships or Olympic games or the world Universiade;
 - b) A document proving that the student has specific needs pursuant to Section 100 (3) of the Act, together with the opinion of the relevant coordinator for students with specific needs;

Article 6

Fees for Material Arrangement of the Admission Procedure

(1) The faculty shall ask the applicants for studies to pay a fee for material arrangement of the admission procedure, which is another condition of being accepted for studies, pursuant to Section 57 (1) of the Act.

(2) The fee has been derived from the actual costs of faculty associated with actions connected to the admission procedure. Its amount must not exceed 25% of the basis, pursuant to

Article 1 Clause (3) hereof²⁰. For the academic year 2021-2022, the fee for material arrangement of the admission procedure must not exceed **EUR 148.75**.

(3) The fee for material arrangement of the admission procedure shall be paid in advance, and its payment shall be proven by attaching the document, confirming the payment, to the application for studies, the only exception being if the fee for material arrangement of the admission has been paid electronically via AIS.

(4) The amount of fees for material arrangement of the admission procedure at individual faculties and at the University (Institute of Management of STU) for students admitted to studies in the academic year 2021-2022 is stated in **Annex No. 2** hereof.

Article 7

Fees Connected to Studies

(1) The University or the faculty can request, pursuant to Section 92 (15) of the Act, fees for issuing documents about studies and their copies²¹ and for issuing copies of documents about graduation from studies²² furthermore, administrative fees for recognition of documents, which are considered an income of the state budget, and for acknowledging the equivalence of documents about studies under a special Regulation²³. The amount of the fee shall be derived from the actual costs of the University or faculty connected with these activities.

(6) Costs related with sending of certificates and other documents stated in this Article via the postal service, if they are not included in amount of costs, shall be charged according to the current pricelist for postal services.

Article 8 Transitory Provision

(1) A student admitted to a free-of-charge study programme in the external form of studies, pursuant to regulations effective until 30 April 2011, shall complete these studies free of charge; this shall not apply if his or her obligation to pay tuition originates during studies, due to parallel studies or due to exceeding the standard length of studies²⁶.

Article 9 Final Provisions

(1) This Directive shall be issued pursuant to the Article 23 Clause 14 of the Statute of STU as an internal organisational and managing standard of the STU issued by the Rector.

(2) Any amendments and supplements hereto can be made only based on numbered amendments hereto, issued by the Rector; in case of tuition fees for study programmes provided by the faculty at the proposal of the relevant Dean and in case of tuition fees for study programmes provided by the University (Institute of Management of STU) at the proposal of the Director of the Institute of Management of STU.

(3) The following annexes shall be an inseparable part hereof:

a) **Annex No. 1**, stipulating for the individual faculties and for the Institute of Management of STU:

1. Annual tuition for study programmes in the full-time form of studies, realised in the state language, for exceeding of the standard length of studies and for parallel studies, pursuant to Article 2 Clauses (3) and (5) hereof.

²⁴ Sec. 6 of the Act No. 145/1995 Coll. on Administrative fees, as amended

²⁵ Section 33 through 35 of the Act No. 422/2015 Coll. Recognition of Diplomas and Professional Qualifications and on Amendments and Supplements to certain Acts as amended

²⁶ Section 113 aca of the Act

2. Annual tuition for study programmes in the full-time form of studies, realised in a foreign language, pursuant to Article 2 Clauses (8) and (9) hereof.
3. Annual tuition for study programmes in the external form of studies valid for all years of studies during the standard length of studies for students beginning studies in the academic year 2021-2022, pursuant to Article 3 Clause (3) hereof.
4. Annual tuition for study programmes in the external form of studies, after exceeding the standard length of studies, pursuant to Article 3 Clause (4) hereof.

b) **Annex No. 2**, which for the individual faculties and for the Institute of Management of STU stipulates fees for material arrangement of the admission procedure for applicants admitted to studies in the academic year 2021-2022.

(4) This Directive shall enter into force on the date it is issued.

(5) If it is not stated otherwise, this Directive shall become effective on the date September 1, 2021.

(6) For the purposes of the rights and obligations of applicants for study at the STU in accordance with Art. 6 of this Directive if they relate to the academic year 2021-2022, this Directive shall take effect on October 1, 2021.

(7) For the purposes of student rights and obligations at the STU in accordance with Article 7 Clause (2) a) and b) and Clause (4) a) to f) of this Directive if they relate to the academic year 2021-2022, this Directive shall take effect on June 1, 2021.
