- (6) STU students are provided with accommodation from the accommodation facilities reserved for each of the STU faculties. As a rule, accommodation facilities for foreign students and for students in doctoral study programmes at the STU are determined separately based on requests received from each STU faculty in accordance with Article 3 Clause (8).
- (7) Candidates admitted to the first grades of Bachelor's, or Master's (MSc or Ing.) study programmes taught at the STU in accordance with Article 1 Clause (3) (a) hereof, **who have not studied at the STU in the past**, are provided with accommodation from the accommodation capacities reserved for 1st grade students, which has been determined with the aim of **satisfying most of the eligible applicants**. The AC of each STU faculty decides on the allocation of accommodation to candidates admitted to the first grades of Master's (MSc or Ing.) study programmes from the reserved number of beds. Provisions of the first and the second sentence of this clause do not apply to candidates admitted to the first grades of Bachelor's or Master's (MSc or Ing.) study programmes taught at the STU, who have already been enrolled at the same level of university studies at a university in the Slovak Republic, including STU; these applicants are provided with accommodation only in case of free accommodation capacity in the dormitories.
- (8) All necessary accommodation-related information for STU students and contact data for persons in charge (including telephone number and e-mail address) are available at the accommodation information system in accordance with clause 4 of this Article and on the websites of each STU faculty.

Article 3

- (3) **An STU student, who, in the period under consideration, is in delay with payment** in the amount equal to at least the minimum monthly accommodation fee will be

penalised for the accommodation allocation procedure by having their STU student's score earned in accordance with Article 4 clause 2 hereof **reduced** by:

- a) **50 points**, if the payment is delayed for 15 - 30 working days,
- b) **100 points**, if the payment is delayed for 31 - 60 working days.

Presentation of the list of STU students subject to penalization under this clause and the recommended reduction of scores is the responsibility of the competent operations manager of the dormitory.

- (4) An STU student, who is provided with accommodation in a student dormitory, shall check in within 5 working days from the accommodation allocation date, unless instructed otherwise by the SD. If an **STU student neither checks in by the specified deadline nor informs about the reason for their not checking in, the student will be excluded from the list of applicants** (Article 2 clause 3 hereof), and in the accommodation allocation procedure for the following year the student will be penalised by having his/her score earned in accordance with Article 4 clause 2 hereof **reduced by 100 points**.

- (6) An STU student, whose **commuting time** from the place of permanent residence to the place where the study programme is carried out, does not exceed 60 minutes, will be penalised in the accommodation allocation procedure by **a number of points (PEN)**, calculated as follows:

where MIN is the commuting time in minutes, taking into account all direct intrastate lines of public passenger transportation, excluding the city public transport (hereinafter only the "Line"). If there is no direct line, then taken into account shall be the lowest sum of commuting times using direct lines from the place of permanent residence to the place where the study programme is carried out.

- (7) If it is discovered that the STU student was also provided with accommodation from another university or that the student made the received accommodation available to other person, **then the student's accommodation will be cancelled with immediate effect and, in the future, the STU student will not be provided with any accommodation at the student dormitories.**

The medical certificate must be issued in the period under consideration. If the required medical certificate is not submitted by the specified deadline in accordance with Article 2 clause 2 hereof or if the submitted medical certificate is issued by a physician other than a competent specialist, then no account must be taken of the student’s health condition. The validity of the consideration given to the student’s health and the amount of increase of the Score is decided by the AC based on the submitted medical certificate.  - b) **100 points**, in case of an STU student who is an **orphan**.
- (8) An STU student, to whom a **social scholarship**⁴ was provided in the current term, the Score earned under clause 2 of this Article can be **increased by 35 points**.
- (9) If several STU students earn an equal Score after considering all facts in accordance with Article 3 hereof and clauses 2 through 8 of this Article, when deciding on the allocation of accommodation, the following facts will be considered, with the following priority:
- a) The number of points by which the Score is increased for entitlement to receive an orphan's pension under clause 7 hereof and for receiving a social scholarship under clause 8 of this Article,

Appeals are decided by the Dean or a person appointed by the Dean after receiving the AC's opinion. No regard is taken of appeals served after expiration of the deadline.
