Rector’s Directive
No. 11/2016-SR

Tuition and Fees Associated with Studies at the Slovak University of Technology in Bratislava for the Academic Year 2017-2018

Date: 12 September 2016
Slovak University of Technology, Vazovova 5, Bratislava

In Bratislava on 12 September 2016
No. 11/2016-SR

The Rector of the Slovak University of Technology in Bratislava (hereinafter referred to as the “STU” or “University”) in line with Section 92 par. 3 and par. 15 of the Act No. 131/2002 Coll. on Universities and on Amendments and Supplements to Certain Acts, as amended (hereinafter referred to as the “Act”), and in line with the Article 23 Clause 12 of the Statute of STU, as amended, herewith

issues

Directive of Rector, stipulating

Tuition and fees associated with studies at the Slovak University of Technology in Bratislava
for the academic year 2017-2018

applicable to study programmes ensured by faculties of STU and the Institute of Management of STU (hereinafter referred to as the “Directive”). The tuition and fees associated with studies shall be, in the case of faculties of STU, determined based on a proposal of the relevant faculty Dean, and in the case of the Institute of Management of STU, based on a proposal of the Director of the Institute of Management of STU.

Article 1
Basic Provisions

(1) The studies in study programmes of the first, second and third level shall be realised at a faculty, if professionally and organisationally ensured by the faculty; in other cases, the study programme shall be realised at the University (Institute of Management of STU). Unless otherwise stipulated in a specific provision of this Directive, the term “faculty” shall also apply to the University (Institute of Management of STU) and the term “Dean” shall apply in connection with the University (Institute of Management of STU) to “Rector”; all terms shall be in relevant relationship to the meaning of the affected provision, unless they contradict with the nature of the given provision.

(2) The basis for determining the tuition and fees associated with studies at the university and its faculties shall be 10 % of the average amount connected to one student in full-time studies of the overall usual expenditures provided by the Ministry of Education, Science, Research and Sports of the Slovak Republic (hereinafter referred to as the “Ministry”) to public universities from the state budget as part of the specification of the approved budget in the previous calendar year. The basis shall be rounded down to whole five euro.

(3) The basis, pursuant to Clause 2 of this Article set by the Ministry, for the academic year 2017-2018 shall represent the amount of EUR 400.00.

(4) The annual tuition shall apply to the academic year.

(5) The annual tuition in study programmes in the full-time form of studies must not exceed five times the basis, pursuant to Clause 2 of this Article. Limitation of the tuition amount shall not apply to tuition in the study programmes in the full-time form of studies in other than state language, pursuant to Article 2 Clauses 8 and 9 hereof.

1 Section 92 par. 1 of the Act
(6) Annual tuition in study programmes in the external form of studies must not exceed the result of multiplication of the amount of the maximum annual tuition determined by the Ministry for the relevant academic year by a measure (Article 3 Clause 1 hereof) and the quotient expressed as a result of division of the number of credits, the achievement of which serves as a pre-requisite for proper completion of studies in the relevant study programme, and the result of multiplication of standard length of studies of the relevant study programme and the number 60. The maximum annual tuition in study programmes in the full-time form of studies shall be derived from the subsidy for the realisation of accredited study programmes.

(7) For the purposes of this Directive:

a) The first three years of study in the study programmes pursuant to Section 53 (3) of the Act (combined first and second level of studies) shall be considered as study programmes of the first level, and fourth and further years of studies in the study programme, pursuant to Section 53 (3) of the Act, as studies in the study programme of second level, so that the fourth year of studies in the study programme, pursuant to Section 53 (3) of the Act, shall be considered as the first year of studies in the study programme of the second level and further years, respectively;

b) The Bachelors type of studies, according to previous regulations shall be considered as studies of the study programme on the first level, the Masters type of studies, Engineering type of studies and Doctoral type of studies, according to previous regulations as studies of the study programme according to Section 53 (3) of the Act. If a student continued in the Engineering type of studies or in the Masters type of studies, after previous graduation from Bachelors studies, according to previous regulations the follow-up studies shall be considered as studies of the study programme on the second level. The length of studies, determined according to previous regulations, shall be considered as the standard length of studies according to the valid wording of the act;

c) A student who was issued a Certificate of Slovak Living Abroad, pursuant to a special regulation, shall be considered as a citizen of the Slovak Republic.

(8) A Member State shall be perceived as an EU Member State or a state that is a state party to the Convention on the European Economic Area and the Swiss Confederation.

(9) In case of students studying as part of interstate agreements, tuition and fees associated with studies shall be governed by the provisions of these interstate agreements.

---

Article 2
Tuition in the Full-time Form of Studies

(1) The annual tuition in the full-time form of studies for the academic year 2017-2018, pursuant to Article 1 Clause 5 hereof, must not exceed the amount of EUR 2,000.

(2) A student in the full-time form of studies shall be obliged to pay annual tuition to the faculty, if such obligation applies to him or her, pursuant to Clause 3, 5, 8 or 9 of this Article.

Section 92 par. 3 of the Act
Section 92 par. 10 of the Act
Section 113a par. 8 of the Act
Section 7 par. 1 of the Act No. 474/2005 Coll. on Slovaks living abroad and on Amendments and Supplements to Certain Acts
Section 92 par. 11 of the Act
(3) A student who studies parallely, during one academic year, in two or more study programmes provided by a public university or state university with a seat in the territory of the Slovak Republic (hereinafter referred to as the “university”) on the same level, shall be obliged to pay annual tuition in the second and further study programme for studies in the academic year 2017-2018. A student, who re-registered for studies in another study programme on the relevant level, after an interruption of studies, shall be obliged to pay to the university a proportion of the annual tuition, depending on the number of calendar months remaining until the end of the academic year 2017-2018, following his or her re-registration7.

(4) A student, pursuant to Clause 3 of this Article, shall have the right to decide in which study programme he or she will study in the academic year 2017-2018 free of charge, if he or she is entitled to free university studies8. The student shall be obliged to notify about this decision the study department of the faculty at which he or she is registered, namely no later than by 30 September 20179.

(5) A student who studies in a study programme, provided by the faculty longer than its standard length of studies, shall be obliged to pay to the faculty annual tuition for each further year of studies. The total length of studies reflects the period for which the student was registered at a university in one of the study programmes of relevant level of university education; if the student is registered, during one academic year, parallely for studies in several study programmes, only one year shall be calculated in the overall length of study. The period during which the student was registered for studies in a study programme, in the relevant academic year, shall be rounded up for the purposes of this clause to the whole academic year10.

(6) The overall period of studies, pursuant to Clause 5 of this Article, shall not reflect the period during which the student was registered for studies at a university in a study programme in which he or she paid tuition.

(7) If a citizen studied on the same level of university studies, parallely in several study programmes in one academic year or in its part, studies in each study programme prior to 1 September 2008 shall be reflected individually in the overall length of studies for the purposes of Clause 5 of this Article, if he or she studies in some of the study programmes only for a part of the academic year, this period shall be rounded up to the whole academic year for the purposes of Clause 5 of this Article11.

(8) A student, who is a citizen of a Member State or who has permanent residency in a Member State and studies in a study programme in the full-time form of studies, shall be obliged to pay annual tuition in each academic year, if the study programme (as a whole) is realised exclusively in other than the state language (hereinafter referred to as the “foreign language”). The obligation to pay tuition originates if a university, in the academic year, when he or she started to study in this study programme, accepted him or her for studies in the same study specialisation and level in a study programme realised also in the state language12.

(9) A student, who is neither a citizen of a Member State nor has permanent residency in a Member State and studies in a study programme in the full-time form of studies, shall be obliged to pay annual tuition in each academic year, if the study programme (as a whole) is realised exclusively in a foreign language12.

7 Section 92 par. 5 of the Act
8 Section 70 par.1 letter k) of the Act
9 Section 71 par. 3 letter e) of the Act
10 Section 92 par. 6 of the Act
11 Section 113a par. 7 of the Act
12 Section 92 par. 8 of the Act
(10) The annual tuition for the academic year 2017-2018, in the full-time form of studies in the study programmes realised at individual faculties and at the University (Institute of Management of STU), shall be stated in Annex No. 1 hereof.

Article 3
Tuition in the External Form of Studies

(1) For the academic year 2017-2018, the Ministry set the amount of maximum annual tuition for study programmes in the external form of studies by its Decree No. 2016-14804/18793:1-15A0 dated 15 August 2016.

(2) A student, in the external form of studies, shall be obliged to pay the annual tuition in each year of studies.\(^{13}\)

(3) A student, in the external form of studies, shall pay each year during the standard length of studies in the study programme, the amount of tuition determined by the directive for the academic year in which his or her studies started.\(^{14}\) The faculty can reduce the published tuition in the course of studies.

(4) A student in the external form of studies, after exceeding the standard length of studies, shall be obliged to pay tuition in the amount determined for the given study programme for the relevant academic year.\(^{14}\)

(5) The annual tuition in the external form of studies in the study programmes realised at individual faculties and at the University (Institute of Management of STU) shall be stated in Annex No. 1 hereof.

Article 4
Form of Payment and Due Date of Tuition

(1) The Act No. 71/1967 Coll. on Administrative Proceedings (Administrative Procedure Code), as amended, shall not apply to the proceedings and decision concerning the obligation to pay tuition.

(2) A student shall be obliged, pursuant to the valid Study Regulations of STU, to correctly state facts decisive for the determination of tuition, in form of a declaration that is to be submitted by the student at the time of the first registration for studies and at each subsequent registration for further parts of the study programme, namely to the relevant study department.

(3) After the registration, the faculty shall be obliged to issue to the student a written decision on the amount of annual tuition fee (hereinafter referred to as “the decision on the obligation to pay the tuition”). The decision about the obligation to pay tuition must contain a statement indicating the amount of tuition and the due date of the tuition, justification of the obligation to pay the tuition and instruction concerning the possibility to submit an application for a reduction, remission or postponement of the due date (hereinafter referred to as the “Application”). The decision about the obligation to pay tuition must be delivered to the student’s own hands.

(4) The student shall be obliged to pay tuition no later than within 10 business days from the day of the delivery of the decision concerning the obligation to pay tuition.\(^{15}\)

\(^{13}\) Section 92 par. 4 of the Act

\(^{14}\) Section 92 par. 16 of the Act

\(^{15}\) Article 23 Clause 13 of Statute of STU
In justified cases, the student can submit a written Application, pursuant to Clause 3 of this Article, to the Rector. The student shall fill in the Application through the Academic Information System (hereinafter referred to as the “AIS”), print and personally sign and deliver it to the relevant student department or send it via regular post to the address of the relevant student department, namely no later than within a period of 10 business days, from the day of delivery of the decision concerning the obligation to pay tuition. In case of Applications sent via regular mail, the date of their submission, marked by the postal office on the envelope, shall be decisive. This means this date must not be later than the tenth business day after the delivery of the decision to pay tuition. The student department shall forward mass Applications of students to the Rector, together with opinions of the faculty Dean/Director of the Institute of Management of STU concerning individual Applications.

Pursuant to Section 92 (18) of the Act, the Rector can reduce or remit tuition and fees associated with studies or postpone their due dates depending on the study results, social and health situation of the student or other circumstances being worthy of special consideration, pursuant to principles stated in the Article 23 of the Statute of STU and in cases stated in the Article 5 hereof.

The decision concerning this item, according to Clause 6 of this Article, shall be issued by the Rector within a period of 30 days from the delivery of Applications to the Rector, through relevant student departments of STU.

Applications submitted pursuant to this Clause of this Article, but delivered after the lapse of the deadline for its submission, pursuant to Clause 5 of this Article, shall not be considered.

Actions of a student, who refused to provide information and facts decisive for the determination of the payment of tuition and fees associated with studies or who stated incorrect or incomplete information or failed to pay tuition and fees associated with studies in a proper and timely manner, shall be considered as a disciplinary offence in line with the valid Disciplinary Rules of STU for Students.

**Article 5**

**Reduction, Remission or Postponement of the Tuition’s Due Date by Rector**

(1) The Rector shall not approve a postponement of the tuition’s due date.

(2) If it is not stated otherwise the Rector shall not approve a reduction or remission of tuition in case of an obligation to pay tuition due to parallel studies (Article 2 Clause 3 hereof), studies in the full-time form in a foreign language (Article 2 Clauses 8 and 9 hereof) and external studies (Article 3 hereof).

(3) The Rector can reduce tuition for exceeding the standard length of studies (Article 2 Clause 5 hereof) in the following cases and in the following scope:

a) Social and health situation of the student:

1. If the student is a half-orphan, under the condition that he or she continues to be entitled to the payment of orphans benefits; in such a case, tuition can be reduced by 50%.

2. If the student, in the academic year preceding the academic year in which the obligation to pay tuition originated, suffered an unexpected life event preventing him or her to pay tuition in the full amount (e.g., natural disaster); in such a case, tuition can be reduced by 50%.

3. If the student was, in the academic year preceding the academic year in which the obligation to pay tuition originated, on maternity leave; in such a case, tuition can be reduced by 50%.
4. If the student suffered serious deterioration in health condition, which affect his study duties (work disability longer than 1 month) in the academic year preceding the academic year in which the obligation to pay tuition originated; in such a case, tuition can be reduced by 50%.

b) Other circumstances:

1. If the student passes only the state exam in the academic year; in such a case tuition can be reduced by 25%.
2. If the student passes only the state exam and at most 2 additional subjects in the academic year; in such a case tuition can be reduced to 75%.
3. If the student achieved weighted study average (hereinafter referred to as the “WSA”) up to 1.5, and at the same time was an important sportsman or sportswoman (representing the Slovak Republic at world or European championships, Olympic games, world Universiade) in the academic year preceding the academic year in which the obligation to pay tuition originated; in such a case, tuition can be reduced by 50%.
4. If the student re-registers for studies, after their interruption, and if the obligation to pay tuition originates, tuition can be reduced to the proportion of the annual tuition, depending on the number of calendar month remaining until the end of the relevant academic year, after his or her re-registration.

(4) Reasons for reducing tuition, stated in Clause 3 hereof, cannot be mutually cumulated. The Rector shall always consider only the most serious reason stated in the Application of a student.

(5) The Rector can remit tuition for exceeding the standard length of studies (Article 2 Clause 5 hereof) in the following cases:

a) Social and health situation of the student:
   1. If the student is an orphan, provided he or she continues to be entitled to the payment of orphans benefits;
   2. In case of a student with specific needs, pursuant to Section 100 (2) of the Act, who exceeded the standard length of studies, due to his or her disability.

b) Other circumstances:
   1. If the student exceeded the standard length of studies, due to attending an approved international study trip (approved academic mobility) during which he or she earned at least 20 credits per semester;
   2. If the student exceeded the standard length of studies, due to changes in the study programme as a result of terminated accreditation of the original study programme at the STU;
   3. If the student achieved WSA of up to 1.2, and at the same time was an important sportsman or sportswoman (representing the Slovak Republic at world or European championships, the Olympic games, world Universiade) in the academic year preceding the academic year in which the obligation to pay tuition originated;
   4. If the student of the study programme of the third level has fulfilled all conditions for graduating from the studies, except from the defence of the dissertation paper which he or she has turned in during the standard length of studies of the study programme;
   5. If the student of the study programme of the third level, whose obligation to pay tuition originated for exceeding the standard length of studies, is also paid a scholarship, pursuant to Section 54 (18) of the Act, at the same time; in such a case, the tuition of this student can be remitted in proportion of the annual tuition, depending on the period of receiving of the scholarship, pursuant to Section 54 (18) of the Act;
6. If the student, whose obligation to pay tuition originated, abandons studies within one month from the start of the academic year.

(6) The Rector can remit tuition to the student who is obliged to pay tuition for study in a foreign language pursuant to Art. 2 Clauses 8 or 9 of this Directive and at the same time he was awarded a special scholarship to support foreign students pursuant to the valid Scholarship Regulations of STU.

(7) The Rector can remit or reduce tuition, if it is result of an agreement on the exchange of students between STU and other university or other organization; in this case it is possible to remit or reduce tuition to the amount specified in the relevant agreement.

(8) The Rector can remit or reduce tuition fees of students who have changed their study programme within STU and who were obliged to pay tuition fees for their original study programme in the academic year 2017/2018 (hereinafter referred to as the “original obligation to pay tuition fees”). Tuition fees in view of this Clause shall be remitted or reduced only for those students who have performed the original obligation to pay tuition fees (including a decision on a decrease in tuition fees pursuant to this Article) and for those students who have been released from their original obligation to pay tuition fees by the Rector using the procedure pursuant to this Article.

(9) The Rector can remit or reduce tuition based on other factors of special consideration.

(10) A student can state in the Application only one reason (i.e., Application for Reduction, Remission of Tuition or Application for Postponement of the Tuition’s Due Date). The Rector shall decide only on the reason stated in the Application. This shall not affect the provision of Clause 4 of this Article.

(11) The Application for Reduction or Remission of Tuition needs to be accompanied by documents credibly proving the student’s reason for its submission, namely:
   a) Confirmation of mobility approval;
   b) Confirmation of representation at world or European championships or Olympic games or the world Universiade;
   c) A document proving that the student has specific needs pursuant to Section 100 (3) of the Act, together with the opinion of the relevant coordinator for students with specific needs;
   d) Medical confirmation from a specialised doctor proving serious and long-term medical issues;
   e) A copy of the birth registration certificate of a child in case of maternity leave;
   f) A document confirming the lasting title to the payment of orphans’ benefits;
   g) A relevant document that the situation (unpredictable life event), stated in Clause 3 (a) Sub-clause 2 of this Article, occurred;
   h) Or any other relevant documents associated with the reason stated in the Application;

Article 6
Fees for Material Arrangement of the Admission Procedure

(1) The faculty shall ask the applicants for studies to pay a fee for material arrangement of the admission procedure, which is another condition of being accepted for studies, pursuant to Section 57 (1) of the Act.
(2) The fee has been derived from the actual costs of faculty associated with actions connected to the admission procedure. Its amount must not exceed 25% of the basis, pursuant to Article 1 (Clause 2) hereof\(^\text{16}\). For the academic year 2017-2018, the fee for material arrangement of the admission procedure must not exceed **EUR 100.00**.

(3) The fee for material arrangement of the admission procedure shall be paid in advance, and its payment shall be proven by attaching the document, confirming the payment, to the application for studies.

(4) The applicants for studies, applying as part of scholarship places of the Government of the Slovak Republic, are asked by the faculty to pay a fee for material arrangement of the admission procedure equal to the amount determined for studies, realised in the state language.

(5) The amount of fees for material arrangement of the admission procedure at individual faculties and at the University (Institute of Management of STU) for students admitted to studies in the academic year 2017-2018 is stated in Annex No. 2 hereof.

Explanatory:

¹ The Faculty allows the filling of application forms electronically without any electronic signature, using the Academic Information System (hereinafter referred to as "AIS"), which allows applicants to follow its status in AIS from the date of its completion to the date when the admission procedure is completed. The electronic application must be printed from AIS, the applicant has to sign it personally, and deliver it to the Faculty where the applicant applies for study in accordance with Internal Regulation Rules and Conditions for Admission to Study Programs of the 1st, 2nd and 3rd level of studies at STU.

² The applicant for study can deliver the written application filled out without using the AIS on the form determined by the Ministry of Education, Science, Research and Sport of the Slovak Republic in accordance with Internal Regulation Rules and Conditions for Admission to Study Programs of the 1st, 2nd and 3rd level of studies at STU.
