Dear foreign students,

From **6.6.2022** the system "Accommodation of the STU" for the academic year **2022/2023** will be started. If you are interested in accommodation for **NEXT academic year**, you are obligated to submit **NEW electronic application** for assignment of accommodation in system https://ubytovanie.stuba.sk/en/ till the 15.7.2022. **Electronic application** for assignment of accommodation **relates to all students of bachelor, engineer and PhD. studies.**

Foreign students and also students studying within academic mobility are also obligated to submit electronic application.

Students studying within academic mobility (Erasmus+) can submit electronic applications at any time, even after 15.7. and this request will not be made after the deadline.

To log in to the system, **continuing students** will use the AIS login details, and **newly admitted students** must **ask** the appropriate faculty to send them the login details.

After sending the application, the system will automatically calculate your study points according to the Criteria for allocating accommodation at STU.

Next information about accommodation and terms are available directly in system Accommodation of the STU. We will inform you continuously about new details – always one week before relevant term in process of accommodation at least.

Team Accommodation of the STU
