Erasmus Charter for Higher Education 2021-2027

Slovak University of Technology in Bratislava received the Erasmus Charter for the next programme period 2021-2027. STU will thus continue in the successful programme of exchange students and staff mobilities and in successful cooperation with partner institutions. Our goal for the new programme period is to send even more students and staff to mobilities abroad, to make the Erasmus programme more attractive, more inclusive, more digital and greener.

Erasmus+ mobilities in the summer semester

It is possible to go to on Erasmus in the summer semester 2021 with the following conditions: a) if the study/traineeship at the hosting institution is planned to be physical or combination of physical and online form, you can travel abroad and the Erasmus+ financial support is granted to you; b) if the study/traineeship at the hosting institution is planned only online, you cannot travel abroad and the Erasmus+ financial support is not granted to you since you can do the mobility online from home. The whole mobility together with gained ECTS is recognized. All the information can be found [HERE](#).

Erasmus+ study application for the academic year 2021/2022

You can still apply to Erasmus+ study for the next academic year until 31 January 2021. Just fill the application in AIS through Students Portal. You can find all info [HERE](#). So don't hesitate and sign up!
