'It was interesting that I was always with different people in each course. One day, I had practice full of French, another time there were a lot of Pakistani after their 30s. I was doing a project with a group of Germans or a presentation with a 30 year old Nigerian. All the work with the international students is priceless and it is a great setup for the future.' (Bc. Daniel Kováčik, MTF student)

Daniel's Erasmus story can be found <u>HERE</u>.
