

INSTITUTE OF LIFELONG LEARNING OF STU

MSc. Regína Remenárová

Director

+421 917 669 019

INSTITUTE OF LIFELONG LEARNING OF STU

established in 2001,
has more than 200
instructors/tutors, and yearly
more than 1500 students
take part in its study courses.
The ILL focus is on languages
and information technologies.

Institute of Lifelong Learning composed of:

- Directorate
- Continuing Education Centre
- University of the Third Age
- **Language Centre**

**LANGUAGE CENTRE offers
modules/courses for all those
from abroad who are interested in:**

- working, or who already work and live in Slovakia and need to communicate in their workplace;
 - learning to communicate in Slovak language;
- studying in Slovak language at a faculty of the Slovak University of Technology in Bratislava;
- completing their knowledge of other technical subjects.

Module SLOVAK LANGUAGE B (MSLB)

(120 hours B1; 120 hours B2)

The graduate will acquire four language skills at the required (Medium B) level, i.e., reading comprehension, comprehensive listening, the required oral and written communication skills. He/she can orient himself/herself in everyday situations, use common vocabulary, describe his/her activities. He/she can make small talks at unofficial and official levels.

Module SLOVAK LANGUAGE A (MSLA)

(50 hours A1; 50 hours A2)

The graduate will acquire four language skills at the required (Basic A) level, i.e., reading comprehension, comprehensive listening, basic oral and written communication of everyday life.

The students who want to study in Slovak language at a selected faculty of the STU are designed:
