

Information about the nationwide testing for COVID-19

The nationwide testing for COVID-19 will take place during **Saturday, 31 October 2020 from 7:00 am to 10 pm until Sunday, 1 November 2020 from 7:00 am to 9:30 pm.**

[HERE](#) you can find all the testing points in **Bratislava**. You can go to any testing point, however, you should also follow the communication channels of the district where you live regarding their recommendations.

[HERE](#) you can find all the testing points in **Trnava**. You can go to any testing point, however, the city recommends to go to the point according to your residence address and your surname initials according to this time-table:

A – Ď: 7.00 – 9.30

E – I: 9.30 – 12.00 (break 12.00 – 12.45)

J – K: 12.45 – 15.30

L – O: 15.30 – 18.00 (break 18.00 – 18.30)

P – S: 18.30 – 20.00

Š – Ž: 20.00 – 21.30

You have to bring your **ID/passport, health insurance card** and **wear a face mask** for the testing.

After your arrival to the testing point, you will be asked by the staff to register for the testing. You will fill out a registration form and receive your number needed for the testing.

The testing is done by taking sampling from your nose using a soft stick.

After that, you will wait for the result in the disinfected room. Your number will be called out by the staff who will give you a closed envelope with your test results.

If you are tested positive, you have to go straight home to do 10-days quarantine or if you live with someone who has been tested positive, you have to do the quarantine as well.

See the step-by-step guide [HERE](#).

The official measures at the Slovak University of Technology in Bratislava can be found in the Rector's Order number: 8/2020 - PR.

Information by STU accommodation facilities about the measures at the facilities will be available on [the website of STU accommodation facilities](#) by the end of this week.
